

That's Life
How does a plant grow?

Name: _____ HR: _____

We've been learning about plant growth and watching our plants both inside the classroom and outside in the forest grow tremendously. But as scientists, we need to understand and think about why these **meristem** areas are growing. What is causing this to happen? How does a plant grow?

1) Describe [with words or by PICTURE] the areas where you see growth on either your 'fast plant' and/or the plant in the forest. Think about MERISTEM areas when doing this.

2) Using your best educated and scientific theory, describe how plants grow...
